Joseph Marotta
Board Member
Families Fighting Flu

Joseph Marotta is a current Board Member for Families Fighting Flu, a national nonprofit 501(c)(3) organization dedicated to saving lives and reducing hospitalizations by protecting children, families, and communities against influenza through education and advocacy. Joseph originally came to Families Fighting Flu in 2010 following the death of his son, Joseph, to H1N1. Joseph has served on the Board of Directors for the organization since 2012. He is currently a Cyber Security Lead for Booz Allen Hamilton and has helped lead the largest Air Force weapon IT modernization in history. Joseph serves as an advisor on the board and helps run fundraisers throughout the year. His goal is to educate others on the seriousness of the flu so no family has to go through what his family has endured.
